

Pouring Shots Using Your Rancilio Espresso Machine!

Ready to pour some delicious espresso shots using your Rancilio espresso machine?
Follow the instructions below to get started!

Materials

Make sure you have the following items handy:

1. Ground coffee beans
2. Short glass
3. Portafilter
4. Tamp

Procedure

To pour espresso shots:

1. Toggle on the **Power** switch.

2. Toggle on the **Espresso** switch.

3. Pour a level amount of coffee grounds into the portafilter.

4. Using the tamp, apply pressure to the coffee grounds until compact.

5. When the temperature gauge reads about 195 degrees, insert the portafilter. Twist to the right to secure it in place.

6. Insert a short glass beneath the portafilter and toggle on the **Pour** switch.

7. When you are finished pouring your shot, toggle off the **Pour** switch.

8. Toggle off the **Espresso** switch.

9. Toggle off the **Power** switch.

Your espresso is ready to enjoy!
